My dear Sugar Plums

I must thank you all very much for that very delicious box of candy which I received last night. You can't imagine how much I appreciated it and am enjoying it. I hope the day will come soon so that I can thank you all – words for all the time and trouble you've all out – for your friends at the front. I'm sure, whoever you send those delicious little parcels to, they can't help but enjoy and appreciate the well I suppose you'd like to hear what sort of a Christmas we spent out here but as time and work are a great obstacle I won't be able to tell you very much but this unit was very fortunate this year for we were out on a rest at Christmas time and we spent rather a decent Xmas but as I said before there is an obstacle – the way so I won't go – to details – so I hope you all spent a very Happy Xmas and New Year

From yours sincerely

My dear Sugar Plum's

I must thank you
all very, very much for that
very delicious box of Candy
which I received last night.
You can't imagine how

Well I suppose you'd like
to hear what sort of a
Christmas we spend out

are a great obstacle I won't
be able to tell you very much
but this unit was very
fortunate this year for
we were out on a rest
at Christmas time & we
spent rather a decent
Xmas but as I said before
there is an obstacle - the
way so I won't go into
details - So I hope you
all spent a very happy Xmas
& New Year
